STORYMAP

Brainstorm on directional product concepts together with users to get inspired by their ideas

Created by
Tatiana Postnikova

1 **How might we** position peer-to-peer rental as a simple, desirable and safe way to access exceptional pieces for specific life moments?

MOUTON IN BLACK
UX DESIGN AGENCY

Step 1
WHAT SOPHIE WILL DO?

PRODUCT CONCEPT 1

OCCASION-FIRST DISCOVERY Start from the event, date and need — not from endless catalogue browsing.

NEL

search bar "50's style outfit/ dress"

set the filters to size, colour, price range, etc preference

possibly filter based on location- how long would the delivery be?

when the right dress found- search for accessories also with the 50's search for ease

contact the provider for any additional questions that may occur

MAYYA

Type of the brand (exclusive - more prêt-à-porter

Type of the outfit (e.g. a dress, a skirt etc.)

Size (if several options are available, colour etc.)

Number of people who already wore it.

Location and if needed (shipping)

maximum days of use

price and if more days discount

cleaning system if on the owner or the user

PRODUCT CONCEPT 2

TRUST BEFORE BOOKING Show condition, cleaning, profile, reviews, deposit and protection before commitment.

NEL

quality of pictures- good light, everything visible

the more details the better- brand, label, condition, care-cleaning process

support available- and easily found link/ button

rating system and reviews for both the item and the provider

up to date pictures so it is clear that is the current state of the dress

cleaning policy to understand the effort behind the rent + price if it is on user side to clean it afterwards

MAYYA

reviews from other users

in-depth description (attention to detail)

insurance from the app (a clause in the contract)

ANNE LING

As many photos as possible

Reviews:
- owner
- exact item

guarantee from the platform in case of problems:
- to have money back
- to be offered another item of equal quality for the price I've paid

24/7 support (both phone and online)

OLGA

How long is the member/ owner on the platform?

What is the rating of the owner and the rating of the item, with filter by latest and highest/lowest

Who is responsible for cleaning? If i am then i guess i need to return with dry cleaning tag and receipt

What are my protections? e.g. if the item arrives significantly not as described (e.g. condition detoriated, stain or other damage)

What are the owners protections? If i put my stuff for rent i dont want it returned just because it doesn't fit or renter damaging my item on purpose

Conflict resolution team must exist in case of disputes

How much time do i have to send back?

Do i have 100% guarantee the item will arrive to me on the day requested.

KLAVDIA

Previous buyers' reviews

recommendation score (overall ranking or smth that shows, for example,g "this buyer was recommended by 100% of customers).

description of the buyer (that he/she sound adequate, legit, etc.)

photos of the dress

T&Cs -- what are the conditions for my rental, damage charge, fee in case smth happens during the event (dress torn, etc.). What are the penalties for late delivery.

ANNE LING

Filter: dress-code, type (dress/ jumpsuit/suit), length, size, price, material, brand (may be), color (may be)

Browse the items, select several interesting

View terms and conditions of rental (deposit, guarantee of quality and money return in case of problems)

Location? Delivery? How easy is it to get the item?

Order if all terms and conditions (and an item) suit me

Order must take no more than 3 (max 4) steps from filtering to order

OLGA

Select the size range (e.g. Size M and 39 shoes) to see only relevant stuff

Select the date range i need the items for (to exclude what is booked by somebody else for the date i need)

Select category i am interested in (e.g. Wedding guest, black tie, formal wear, holiday, ski)

Browse what is available in the category i am interested in, ideally with a Brand filter)

Tailor my search by colour and/or hashtag (e.g. 90s, floral, cowboy, greek, boho)

Find the item i am interested in and see the details- price, rating, owner profile reviews)

Check within the owners wardrobe if any other items would complete the set (e.g. some cool brands may have a top and the shoes to match or matching bag for the shoes is likely also there)

Reserve the items i want.

KLAVDIA

I type in the search field "dress 50s style" describing the style (length, colour) that i want to see.

then I filter results by size, price, brands, location and start scrolling for the ones that I like

Then I make a shortlist of those I like and start narrowing down the list by additional parameters: price, where it is located, what are the rental terms

Then i choose one that I like, show interest in the app on the desired item, and make arrangements to pick up / try on the dress.

once i try it on live and if i like it and the rental terms, we agree on the transaction, I pay and rent the

Step 2
DOT VOTING

Your top pick
Of everything we reviewed, what's your top pick for where the team should focus their attention going forward?

Notable details
Of everything we reviewed, what are some details or nuances you think the team should not forget about?
